

# Heavy Duty Stapler

Novus® B56

**NOVUS**®

Novus Pro Staplers are the preferred choice among professionals throughout the world and the Novus Pro Heavy Duty Series are no exception. These rugged tools are capable of continually stapling large quantities of paper with minimal effort. Designed and developed in Germany, they will exceed your expectations and improve productivity and efficiency in the workplace.

The Novus Pro Heavy Duty B56 has a stapling capacity of 210 sheets and features a sliding adjustable depth guide allows you to set the staple location and ensure you clinch your desired depth on each and every document.

The B56 also features an innovative Anti-Blocking System (ABS) which prevents the possibility of a staple

jam and having your documents stuck to the stapler. A dual staple guide system further ensures trouble free performance by providing even pressure on the staple legs until it clinches your documents.

The Novus Pro B56 is 14 ¼" in length. The rubber base provides safe, slip free stability to ensure your Heavy Duty stapler will not budge while stapling through over 200 sheets of paper.

For optimal performance, we recommend using Novus Heavy Duty #23 staples. These thicker gauge, precision formed staples will ensure your Pro Stapler performs as designed. The B56 will accommodate staples up to 24mm in length.

## Features

- Anti Blocking System prevents staple jams
- Stapling capacity — 20 - 210 sheets
- Dual staple guide encases the staples and provides superior performance and reliability
- Bypass system prevents overlap of staple legs when stapling smaller quantities
- Rotating anvil for bypass or parallel stapling
- Durable rubber base provides safe, slip free stability

Dual staple guide system provides even pressure on the staple legs to prevent jams.

Adjustable depth guide ensures you staple at the desired depth each and every time.
